

Year Three Parent Weekly Overview

3rd March 2019

Term 2 Week 8

The treasures of learning!

<p>English</p> <p>Explanation Reports: An explanation report is a text used to describe how things work. Having practiced using formal language in their writing and the structure of reports, students will now be able to use these skills to write an explanation report. Our topic for explanation report will be surrounding 'being healthy'. We will explore good examples of explanation reports and discuss what is required for success. Students will look at being healthy both physically and emotionally which will prove to be important knowledge for their own health and wellbeing. By the end of the unit, students will write an explanation report detailing how to be healthy.</p> <p><u>HOMEWORK: ALL HOMEWORK DUE THURSDAY</u> English workbook 3 – Unit 11 – Staying Healthy – pg44 and 45</p> <p>Spelling test: THURSDAY 7/3/2019 irregular, irrelevant, irresponsible, redo, refresh, return, reappear, subheading, submarine, submerge, international, interrelated, supermarket, superman, superstar.</p> <p>SENTENCES: Make 10 sentences using any spelling words from previous week.</p>	<p>Maths</p> <p>Continuing MEASUREMENT: The very best learning in mathematics happens when students are hands on. Especially with measurement. It is hard to understand mass and capacity without feeling how heavy 1kg is compared to 1 gram. We are continuing to compare weight and measure different objects mass. Students are beginning to understand 1000g = 1 kilogram. 2500grams is 2 kilograms and 500g (a half) which is preferred to 2.5Kg at this point. More on decimals in year 4. If you have any type of scale at home, it would be greatly appreciated to share with our class for upcoming learning experience.</p> <p>https://www.youtube.com/watch?v=N_LG5EkU_a4</p> <p><u>HOMEWORK: ALL HOMEWORK DUE THURSDAY</u> Work book 3 – Reading Scales – pg42-43</p>
<p>Cross Curricular</p> <p>History/Geography</p> <p>Students have shown a clear interest and enthusiasm for learning about the history of the UAE. They will be working towards writing their own timeline of events for recent history of the UAE. We have discussed the discovery of Oil and the impact this has had on life and times in the UAE. Students have shared ideas about how this discovery impacted life in the UAE. It is an interesting discussion point and I would encourage parents to ask their children about their ideas on the discovery and its impact.</p>	<p>Moral Education</p> <p>Linked to our history endeavours, Moral education this week will follow lesson 2 - 'We can learn about our ancestors' lives by looking at artefacts?' We will look at images of historical artefacts and decide its origin, use and what it can tell us about how people use to live in the UAE.</p>

<p>Geographical links will be explored as students learn about earth's surface, different landscapes and geographical features of the world including; oceans, mountains, volcanoes, valleys, fields, deserts ETC.</p> <p>https://www.youtube.com/watch?v=6eiJgL6qGC4</p>	
<p>French All about me.</p> <p>Learning Objective: Children learn to introduce themselves, greet others and say how they are. They begin to respond to and ask questions about name and age. They begin to recognise some letter names in French.</p>
